

A. G. TEACHERS COLLEGE

RUN BY THE AHMEDABAD EDUCATION SOCIETY

NAAC Reaccredited with grade A

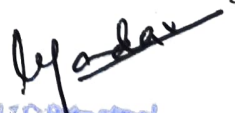

Ref. No. :

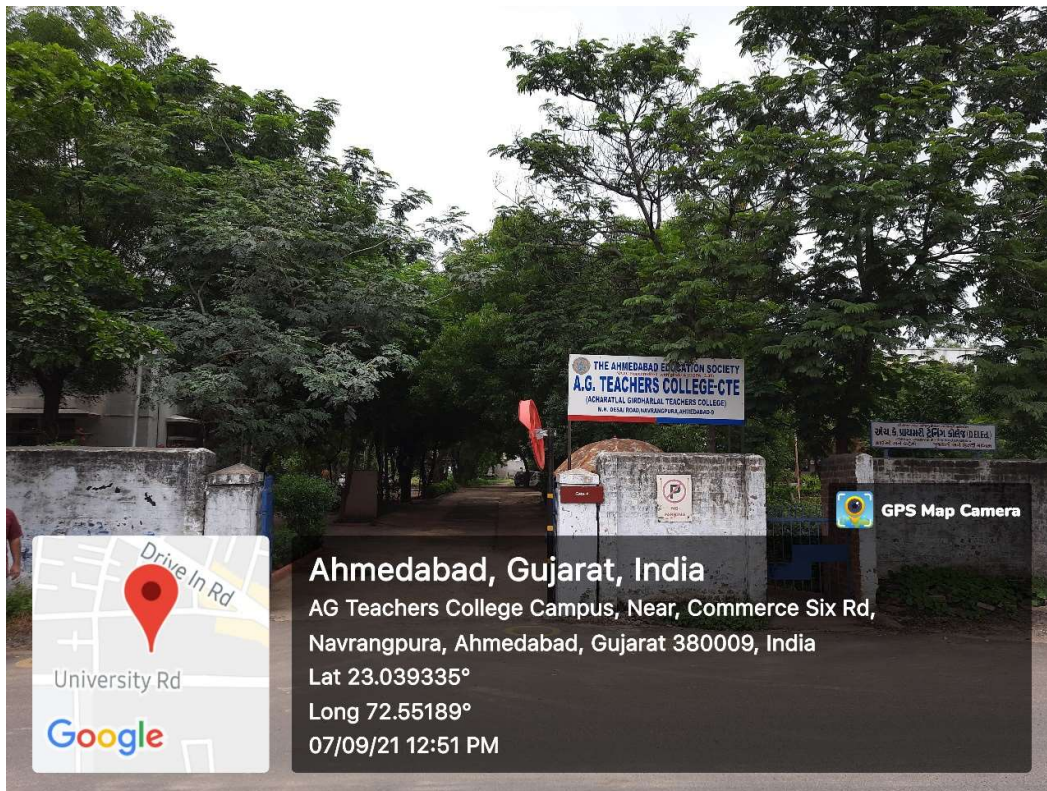

Date : 6.9.2021

Policy for maintenance of Infrastructure

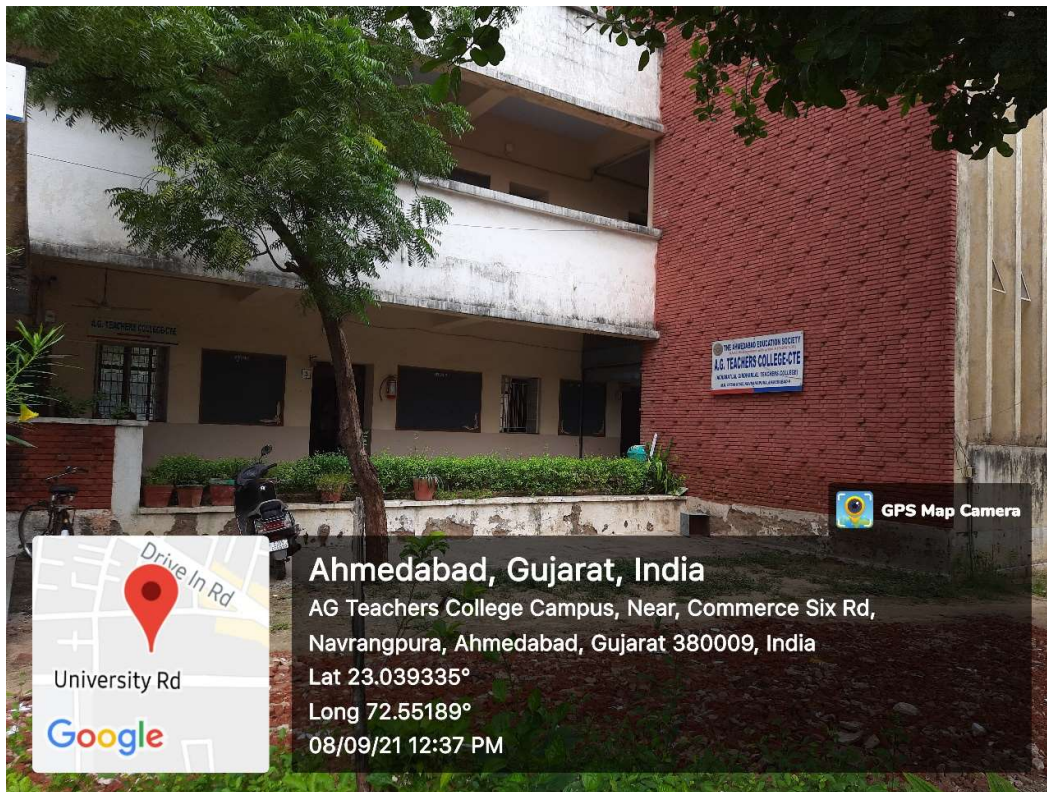

College has very well defined maintenance policy.

- In the beginning of the year, college prepares list of needs for infrastructure repairs and refurbishment and submits to management. Once the budget is passed college is free to utilize the budget as per need. Accidental cost is born by management. At the end of the year annual financial audit is done.
- Purchase policy is well specified. Three quotations are needed for the selection of vendor. College forwards the proposal to management and purchase is done.
- Full time librarian is appointed to take care of library. Necessary ledgers are prepared to maintain book record and exchange of books. College students are allowed to retain books for 15 days and if not returned, reminders are sent to students. Library committee looks for the purchase of new books with mutual consent of other faculty members.
- College has wifi campus and dedicated wifi connection offered by Ahmedabad Education Society since year 2020. Prior college had broadband connection provided by government under the scheme of NME ICT
- Maintenance of IT infrastructure (laptop, desktops, and printers) annual maintenance contract is sought by Technik Infotech Pvt Ltd.
- Dedicated electrician, plumber, water tube well maintenance etc services are just a phone call away.
