

*Building Future: Strategic plan
(2022-2027)*

The global education development agenda reflected in the Goal 4 (SDG4) of the 2030 Agenda for Sustainable Development, adopted by India in 2015 - seeks to “ensure inclusive and equitable quality education and promote lifelong learning opportunities for all” by 2030. Such a lofty goal will require the entire education system to be reconfigured to support and foster learning. National Education Policy 2020 aims to address the many growing developmental imperatives of our country. This Policy proposes the revision and revamping of the education. Lofty goals of National Education Policy 2020 require refiguring of classroom teaching. Knowledge, learning and employment landscapes are undergoing rapid changes. These needs call upon to unlearn and relearn pedagogical aspects. Teachers are the agent of changing landscape. Teacher education is the backbone of education system and so strengthening teacher education will ultimately result into the required changes in school classrooms.

A G Teachers College is an exemplar in the field of teacher education since 1952, the first teacher education institute of Gujarat state. College has a rich legacy in fostering a culture of excellence in teaching and learning. To prepare future teachers and provide right experiences for a child’s fulfilling future, college in the coming five years (2022-2027), envisage the following major strategic goals:

- Way forward move towards academic autonomy and be a part of cluster university in coming years.
- Play a proactive role as education leader to achieve the goals set in NEP 2020
- Through autonomy start new self-finance programs for different levels of teacher training
