# Environment and Energy Usage Policy

The Environment and Energy usage Policy of **A.G. Teachers College, Ahmedabad** applies to all its stakeholders and to the various activities undertaken by the institution. The **AGian Eco Club**, an official platform, is devoted to the cause of environmental awareness, undertaking green initiatives and conducting green literacy program to save energy and to protect the environment.

All stakeholders of the college, have to abide to the environment and energy usage policy. Following are the objectives of environment and energy policy:

## Objectives:

- To undertake a tree plantation drive.
- To train our employees and students through **AGian Eco Club** to make them 'Go Green Specialists' and partners to plant trees each year.
- To adopt '**Green Welcome**' mode to invitees of daily college programs.
- To adopt '**Green Birthday Wishes**' tradition by offering saplings to stakeholders.
- To provide information and training opportunities on energy saving measures.
- To install LED bulbs on the complete campus to save energy.
- To engage in communication with the government agencies, municipal corporations and the affiliating university and actively work with the local organizations in the areas of environment, energy efficiency and sustainable development.
- To strengthen our employees' and students' environmental knowledge and skills to improve our environmental performance.
- To offer opportunities for employees and students to engage in initiatives that contribute to environmental protection.
- To organise online / offline activities to promote environmental awareness and energy use.
- To reduce local air pollution emissions using environment-friendly vehicles including bicycles, public transportation and use of pedestrian-friendly roads.
- To promote community development outreach activities based on environmental awareness.
- To establish an MOU for E-waste management.
- To develop systematic waste management mechanisms.
- To move towards paperless communication.
